To whom it may concern,

Re: Jacek Komsta

Wexpool Ltd is a prominent company in the recycling industry, in terms of sustainable reuse of municipal and industrial waste. Wexpool is a fully owned subsidiary of Ned Invest based in Holland.

In December 2010, Wexpool received the "National Leader of Innovation and Development - 2010 in the category of innovative small business.

As a fully owned subsidiary of a Dutch company, we are obliged to be externally audited in accordance with the Dutch regulation applicable to our parent.

For the past four years we have employed Jacek Komsta to conduct our auditing.

Jacek Komsta has proven to be a reliable and competent partner
As our external auditor, Jacek Komsta is expected to maintain direct and clear communication between both ourselves and our parent company in Holland, and has always done so.

We are very satisfied with the services provided by Jacek Komsta and would recommend them to any company requiring audit services, especially where foreign ownership is concerned.

Yours faithfully,

P.L. Bot
NedInvest B.V.
Chief Financial Officer

Wexpool Poland Ltd.
